

On Nov. 13, 2007, the South Carolina Public Service Commission designated FTC Communications, Inc. dba FTC Wireless (FTC) the “Eligible Telecommunications Carrier” for its service area for universal service purposes. The goal of universal service is to provide all citizens access to essential telecommunications services.

FTC provides wireless service for monthly rates beginning at \$39.99. This includes access to:

- Public switched network including a certain amount of local usage;
- Long distance services;
- Emergency services;
- Operator services;
- Directory assistance;
- Other services designed to persons with disabilities;
- Toll (Usage) limitation service.

Use of these services may result in added charges dependent upon the service and the selected service plan.

**Please call FTC at 888-218-5050 if you have any questions.**
